

Nonprofit Fundamentals Certificate Program

strengthening the organizations that help our communities succeed

Our Nonprofit Fundamentals Certificate Program helps nonprofits based in and serving the 18 counties of Western North Carolina (WNC) with skill-building and free coaching! After completing each course, your organization receives three hours of free coaching.

WHY?

Let's help your organization build a strong and sustainable future! You'll gain **essential knowledge** about running a thriving nonprofit, **learn new skills** and **effective practices**, and **create a personalized Action Plan** to address challenges and take your organization to the next level. Plus, we offer **free follow-up coaching** to support your action steps.

WHAT?

We offer in-depth courses that focus on **core competencies** and **professional development**, designed to benefit every nonprofit leader. Whether you're just starting out, have been in the field for years, or serve on a board, these courses are for you!

HOW?

We recommend bringing a team of board and staff members so you can all learn together and easily apply what you've learned when you return to your organization.

You can earn a Nonprofit Fundamentals Certificate by completing 8 courses! Just attend both class sessions and be present for the full 6 hours to earn credit. Work towards your certificate at your own pace – course credits never expire!

Our Nonprofit Fundamentals Certificate Program is all about helping your board and staff prepare for a bright future. We partner with accomplished professional instructors to lead and deliver our workshops.
